WORDS FROM THE FOUNDER

Ms Shivani Khodidas

At The French Co., we believe language is more than just communication — it's a powerful tool to connect with the world, broaden horizons, and open doors to new possibilities. This institute was born from a passion for the French language and a commitment to making high-quality, student-centered learning accessible to all.

As a native French speaker and certified trainer with over a decade of experience, I've had the privilege of guiding hundreds of learners — from school students and exam aspirants to professionals and global travelers. Over the years, I've developed and led diverse programs, including academic tutoring, spoken French, and international exam preparation for DELF, DALF, TCF, and more.

At the heart of The French Co. is a simple promise: to create a welcoming, inspiring, and excellence-driven space where every learner feels empowered to thrive — not just in French, but in every opportunity the language brings.
